Eye Contact:	Dust generated during grinding may irritate eyes.
Skin Contact:	Excessive contact with dust may cause irritation.
Ingestion:	No known effects but ingestion is not recommended.
Other:	Some grinding operations may cause noise or vibration irritation. Grinding wheels are not a known carcinogen.

Section 4: First Aid Measures

Eyes:	Immediately flush with plenty of water. Get medical attention if irritation persists.
Skin:	Wash skin with soap and water. Get medical attention if irritation persists.
Inhalation:	Move to fresh air.
Other:	If hearing problems persist, obtain medical assistance if necessary.
